

2018
RECREATION
GTI™

Spend more time on the water thanks to the most fuel-efficient engine in the industry and the innovative Polytec™ hull. More features at an unbeatable value for money, including Intelligent Brake and Reverse (iBR®) to maneuver with ease, allow newcomers and experienced riders alike to have the peace-of-mind they desire.

RIDER CAPACITY

Weight capacity 600 lb / 272 kg

DIMENSIONS

Fuel capacity	15.9 US gal / 60 L
Length	132.6" / 336.8 cm
Width	48.5" / 123.1 cm
Weight (dry)	640 lb / 291 kg
Storage capacity	30.8 US gal / 116.6 L

ENGINE

Type	Rotax® 900 HO ACE™
Intake system	Naturally aspirated
Displacement	899 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR®
Starter	Electric
Fuel type	87 octane

White / Reef Blue

iTC / iBR / CLCS / ECO

HULL

Type	GTI™
	• Medium-sized platform
	• Moderate V hull
	• Forgiving and nimble

iBR® (INTELLIGENT BRAKE & REVERSE)

ROTAX® 900 HO ACE™ ENGINE

FRONT STORAGE¹

RF D.E.S.S.™ KEY AND LEARNING KEY

DRIVING CENTER WITH ECO® MODE

REBOARDING LADDER (ACCESSORY)

ENGINE

899 cc four-stroke, Rotax® with three cylinders in-line and four valves per cylinder

The most compact and lightweight engine on the market today. The Rotax® 900 HO ACE™ incorporates crisp acceleration, impressive fuel economy and an excellent power-to-weight ratio.

iTC™ (Intelligent Throttle Control) system

Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO® modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.

iControl® Learning Key®

The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

D-Sea-Bel™ system

Combines a series of resonators and vibration-absorbing components to make Sea-Doo® watercraft some of the quietest on the water.

Closed-Loop Cooling System

Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.

FEATURES

Polytec™

The hull is made of Polytec™ material, a recyclable, low density and high-impact composite material that includes polypropylene and long glass fiber reinforcements. It was designed to maintain the structural integrity of the watercraft under stress while providing light yet durable parts to support the construction of the product.

iControl®

The "Brain" that integrates and controls all systems to create the best possible ride.

Touring Mode / Sport Mode

Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides full acceleration performance for a more aggressive throttle response.

ECO® Mode

This iTC™ function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

3-UP Seat

Comfortable room for three – permits rear-facing spotter for watersports.

Elevated Fuel Filler

Easy access and prevents water intrusion while refueling.

RF D.E.S.S.™

With radio frequency technology and a ball-and-socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Interactive Multifunction Digital Information Center

Fuel level, Tachometer, Speedometer, Touring mode, Sport mode, ECO® mode, Hour meter, Compass, F-N-R indicator and more.

Handgrips with Palm Rest	Rear Grab Handle
Sponsons	Seat Strap
Bumpers	Front Splash deflector
Wide-Angle Mirrors	Dual Drain Plugs
Tow Hook	Flush Kit
Footwell Carpets	Emergency Floating Lanyard
Swim Platform Carpet	Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR® (Intelligent Brake & Reverse) system	First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 3rd generation, the intuitive and improved iBR® allows you to stop close to 160 feet sooner² for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
Stainless Steel Impeller	Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS / ACCESSORIES

Reboarding Ladder
Retractable Ski Pylon
Wakeboard Rack
Shock Tube
Depth Finder
Ski Module
Dry Bag
Ski Tow Eye
Front Storage Tray
12-Volt Outlet and Installation Kit
Safety Equipment Kit
Bilge Pump Kit
Sandbag Anchor
Fire Extinguisher
Snap-in Fenders and Installation Kit
Trailer Move
Watercraft Cover

WARRANTY

BRP limited warranty covers the watercraft for 1 year for recreational use.
